

Dan Bowen

K'omoks Estuary; Highlighting Habitat Restoration, Estuary biodiversity and FN culture

Friday 13th May, 1:30 to 5:30

Saturday 14th May, 1:30 to 5:30

Dan Bowen serves as Technical Director for Project Watershed for restoration projects. He is a member of the Estuary Working Group and is on the Blue Carbon committee. His conservation philosophies and understanding of

environmental issues both terrestrial and aquatic make him a valued volunteer.

Dan has overseen several projects; eelgrass, saltmarsh and kelp restoration; and recently the Air Park breach.

Dan has been a member of Comox Valley Nature for over 25 years and enjoys participating in bird counts. He enjoys and studies First Nations culture regarding the archaeological history of the Estuary.
