

## **Jack Minard**

**Vanier Garry Oaks and Towhee Creek;**  
**Saturday May 14<sup>th</sup>**, Car Pool departs Filberg  
Centre at 1:30 pm, returns by 4:30 pm.

**Tsolum River Restoration; Presentation**  
**Friday May 13<sup>th</sup>** 10:25 am at Filberg Centre

Jack Minard is a consultant specializing in the promotion and advocacy of proactive, interconnected landscape level ecosystem protection and restoration on a cooperative regional basis with Government, watershed practioners, community groups, elected officials and municipal and Regional staffs.

Jack is the recently retired executive director of the Comox Valley Land Trust (2004 – 2015) and worked as executive director with the Tsolum River Restoration Society from 1997 – 2014. He remains involved as the current Chair of the Salmon Enhancement and Habitat Advisory Board (SEHAB) serving the 40,000 enhancement and stewardship volunteers in the province. Jack supports volunteerism by volunteering himself on projects and community initiatives.

Through his work with the stewardship and enhancement communities Jack believes in bridging people and organizations and finding solutions in partnership, cooperation and collaboration.

Jack will be kept busy this weekend as he will be making a Presentation on the *Tsolum River Restoration* at the Filberg Centre on Friday 13<sup>th</sup> May at 10:25, and will lead the *Vanier Garry Oaks and Towhee Creek* field trip on Saturday, May 14<sup>th</sup> at 1:30. The Field trip is Car Pooled, and maps will be available at the Registration Desk.
